### **Puppy Contract**

Each puppy has been seen by our kennel veterinarian at Bayshore Animal Hospital (address listed below) and has received their first shot at 8 weeks of age, including distemper, Para influenza, adenovirus type 2, parvovirus and leptosporosis. Your puppy has also been wormed at 2, 4, 6, and at 8 weeks on a standard schedule. The next booster shot is due in three weeks; therefore, it is your responsibility to take your puppy to your vet in three weeks from the date on the Florida Health Certificate.

Your warranty will be void and withdrawn if you do not comply with the proper schedule agreed upon.
